# EXCELLENCE Inside.

Company Profile

# ABOUT US

## ARKAN Engineering Consultancy

is one of the leading engineering consultancy firms in the UAE, catering to both the public and private sectors. Our expertise lies in a wide range of services including Architecture, Master Planning, Civil, Structural, MEP works, Project Management, Interior Design, and Landscaping Services.

With a commitment to excellence, we have established ourselves as a trusted partner in delivering innovative and sustainable solutions. Our team of highly skilled professionals brings a wealth of experience and expertise to every project we undertake.

We understand the importance of meticulous planning and attention to detail. Our architects and engineers work closely with clients to develop, customized solutions that meet their unique requirements. From conceptualization to execution, we ensure that every aspect of the project is carefully considered and executed to the highest standards.

Our comprehensive range of services allows us to provide end-to-end solutions, ensuring seamless coordination and efficient project delivery. Whether it's designing iconic structures, managing complex construction projects, or creating captivating interior spaces, we strive to exceed expectations and deliver exceptional results.

We take pride in our ability to combine creativity with technical expertise, resulting in designs that are not only aesthetically pleasing but also functional and sustainable. Our commitment to innovation and continuous improvement sets us apart from the competition, enabling us to stay at the forefront of the industry.

At ARKAN Engineering Consultancy, we believe in building long-lasting relationships with our clients based on trust, integrity, and mutual respect.

We are dedicated to providing exceptional service and exceeding expectations at every step of the way.

# WHAT WE DO

ARKAN offers top-notch design solutions by employing a meticulously crafted methodology and a passion for thinking out-of-the-box to meet our clients' needs. Our team of engineers provides comprehensive integrated services that encompass every aspect of the project, ensuring that our clients' requirements are met at every stage.

Each project is handled by professionals who bring a perfect blend of experience and skills in architecture design, interior design and project management to guarantee best quality in design and execution to all our clients. Additionally, we collaborate with our trusted alliance companies to acquire any necessary associated professional services.

In a remarkably short period, we have made a significant impact in the industry through the successful completion of numerous unique projects across the UAE.

# PURPOSE

## Professional Services:

We are committed to extending our professional services to cater to the needs of clients throughout the UAE. By expanding our reach to all seven emirates, we ensure that our expertise and assistance are readily available to individuals and businesses across the region.

## Unparalleled Design & Engineering Services:

We pride ourselves in offering unique design and engineering services. Our team of experts stays up-to-date with the latest architectural styles, ensuring that our clients receive cutting-edge designs that meet their unique requirements. From conceptualization to execution, we strive to exceed expectations and deliver exceptional results that not only meet but surpass industry standards.

## Building Long-Term Associations:

We believe in the importance of building strong and lasting relationships with our clients. By prioritizing professionalism and client satisfaction, we aim to develop long-term associations based on trust and mutual respect. Our commitment to providing professional services goes beyond project completion, as we strive to be a reliable partner for all our client's future endeavors.

# SERVICE PHILOSOPHY

We firmly believe in implementing the best practices when it comes to project management.

Our primary goal is to cultivate a professional and productive work environment that fosters effectiveness and stimulates creativity.

We adhere to stringent quality measures, as expected from a recipient of the ISO 9001:2015 certification. Our commitment to excellence drives us to consistently deliver exceptional results. By employing industry-leading project management techniques, we ensure that every project is executed with precision and efficiency.

Our team is dedicated to maintaining the highest standards of professionalism, enabling us to provide our clients with outstanding service.

Our service philosophy revolves around implementing best practices in project management, fostering a professional and productive work environment, and adhering to stringent quality measures. By upholding these principles, we strive to provide our clients with exceptional service and exceed their expectations.

# SERVICES.

ARKAN specializes in projects of all sizes, ranging from architecture to interior design and landscape design, encompassing every phase of construction and supervision.

Architecture Design | Interior Design | Structure Design | Urban and Master Planning  
MEP Design | Site Supervision | Landscape Design | Project Management:

# ARCHITECTURE DESIGN

We firmly believe that the quality of our surroundings directly impacts the quality of our lives; be at home, in the workplace, or within a public utility building. We carry the same philosophy when we approach large-scale infrastructure projects.

# INTERIOR DESIGN

Transform your space - we envisage to reflect the personality of each space and at the same time keep in mind client's aspirations and needs right from the design stage in following the latest design trends and all the way to precise supervision, dealing and hiring the most professional suppliers and contractors in the market.

# STRUCTURE DESIGN

We take great pride in offering a comprehensive range of structural design following the up-to-date design codes to ensure safe, sustainable and cost-efficient projects.

From project initiation-to-completion, we ensure the delivery of top-notch work and services.

# URBAN AND MASTER PLANNING

Our team combines a diverse range of skills, including planners, urban designers, landscape architects, and placemaking specialists. This collective expertise is essential for effective built environment planning and design.

# MEP DESIGN

Our highly skilled MEP team provides a complete range of mechanical, electrical, and plumbing designs, adhering to the latest specifications and project parameters.

# SITE SUPERVISION

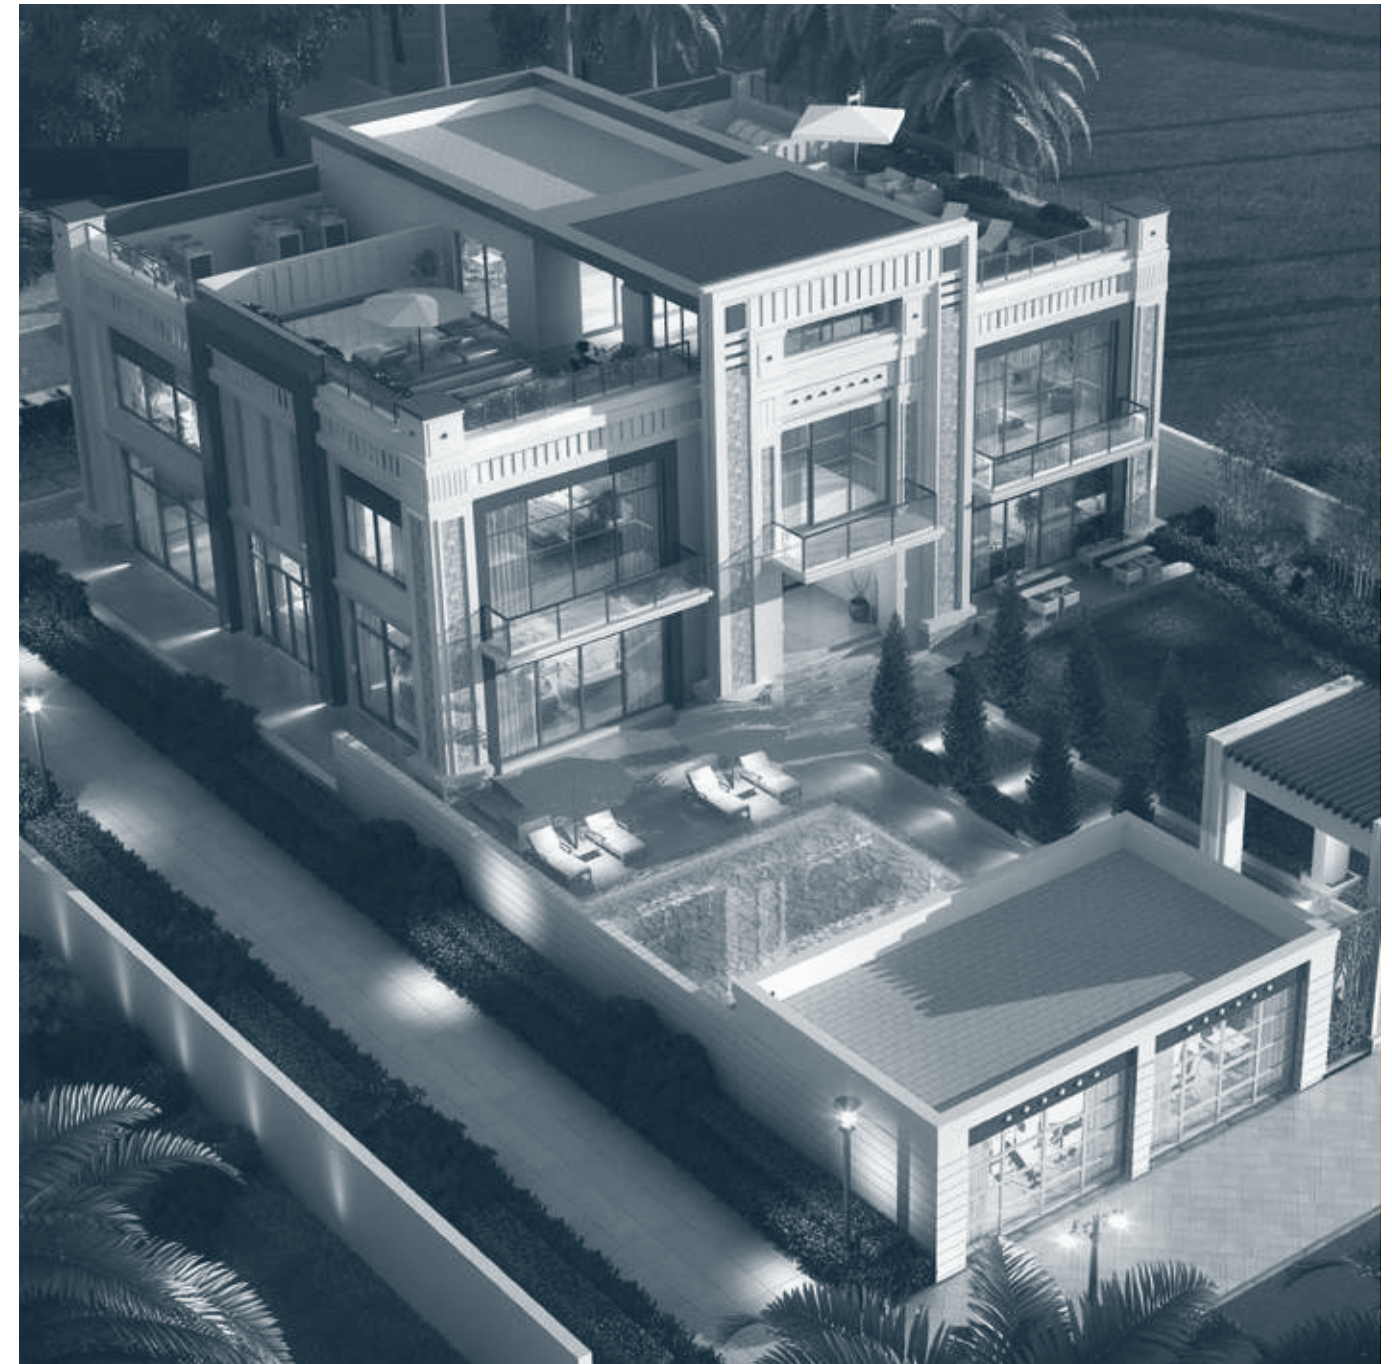

ARKAN consultancy takes immense pride in offering a full suite of structural, civil engineering, design and consultancy services. Stringent supervision processes are implemented at every stage of the project, ensuring the highest quality of work.

# LANDSCAPE DESIGN

With our extensive experience in landscape design, we continuously redefine our services and delivery.

# PROJECT MANAGEMENT

Our dedicated project management team works tirelessly on your behalf to ensure optimal execution and unwavering commitment from all parties involved.
